## **CEO Office Concepts Design Service**

### ***Is your space looking tired and in need of an update?***

The design of your reception and office layout reflects your corporate culture and mission.

Space planning is a big undertaking, as there are several factors to consider with office design ideas; physical restrictions of the space, accessibility, the diversity of your team and team roles, lighting, and sound pollution.

CEO Office Concepts is here to help you create the best office layout for your company with its Visual Design Concepts (VDC) service. In just a few steps you can go from office design ideas to seeing a 3D virtual tour of your space.

### ***You think it we can create it.***

We bring our 40 years of design expertise to the table to help you create your perfect environment.

For a low \$750 (ex GST) you get a full mock-up of your space including 2 different design concepts a 3D electronic model of how it will look, a floor plan and the option of 2 included design changes.

For a limited time if you purchase from us after your VDC you could be eligible to receive part or all your initial outlay back in discounts

spend \$100 get a \$10 discount, spend \$1000 get a \$100 Discount

(every dollar spent receives a 10% discount up to \$7500)
